

OSM/IN DECISION

Standard: EN 60320-1:2001 + A1:2007	Sub clause: 13.11	Sheet N°: OSM/IN 220
Subject: Certification of non-rewirable connector intended for use as a part of a cord set or an interconnection cord set	Key words: - Non-rewirable connector - Cord set - Interconnection cord set	Meeting N°: 18 Item: 5.1
Question: Certification of a separate component.		
Decision: The following wording shall be included in the certificate: “This certificate is conditional upon a non-rewirable plug or a non-rewirable plug connector certified to its own standard being fitted”.		
Explanatory notes: Decision transferred and implemented with new wording from OSM/IN 026, concerning EN 60320-1:1996, sub-clause 13.11, based on the same subject.
