

ECS operational staff meeting household appliances decision sheet			OSM HA N°213
Sub cl.	Meeting	Agenda item	Document
11	11	10.21	NO 3/97
11.7.104	23	6.4.2	SEC 05/09
Standard	EN 60335-2-71:2003 EN 60335-2-71:2003 +A1 :2007	Date	2017-02-08
Question	Should the heating test of IR lamps for breeding and rearing of animals be carried out at 1,15-times rated input, although that results in extreme over-voltage?		
Decision	YES		
Explanatory notes	CLC/TC 61 confirmed the decision (May 1998). This decision has been updated after the 23rd OSM/HA meeting.
